

MOBIADO LAUNCHES THE PROFESSIONAL CAMO™: EXTREME MOBILITY™ - 200 LIMITED EDITION MASTERPIECES

Vancouver, Canada – May 5th, 2008: Mobiado, the manufacturer of CNC machined luxury mobile phones – today unveils the Professional CAMO; the second Mobiado mobile phone in the Extreme Mobility series.

The Professional CAMO is a mobile phone that is luxurious by design but is also solid and strong for demanding everyday use. It is created from aircraft aluminum to build a strong yet light body, brushed polished, and then anodized to produce a ceramic surface for the toughest of uses. The buttons are stainless steel and the front is coated with DiamondShield®, the most advanced coating available for polymer substrates with diamond like properties. The camouflage colors are individually hand painted directly into the protective anodized layer. Every Professional CAMO is different and unique, making it a true art piece. No two phones are alike, and with just 200 produced, each Professional CAMO is a symbol of extreme exclusivity.

The Professional CAMO is unlocked and tri-band GSM network operational. It works within North America, Europe, Africa, Asia- Pacific, and South America where EGSM 900, GSM 1800, and GSM 1900 networks are available. It is equipped with video streaming with sound, 1.3 megapixel camera and video camera, 32 MB internal memory and support for MMC cards up to 512 MB, active TFT color display, push to talk over cellular, Bluetooth technology, infrared, speaker phone, XHTML browsing and email over TCP/IP, AAC/MP3/M4A stereo music player and FM radio, visual radio, and two illumination white LEDs.
